Product Overview

Compost Sure (Blue) has been specially formulated for use as bulking material in all Sun-Mar central water flush composting units. Compost Sure (Blue) is a hemp core (stalk) mixture. Compost Sure (Blue) facilitates composting by physically mixing the waste to present more surface area for breakdown. It holds moisture to help maintain the moisture content in the compost. It also ensures good porosity so that liquid can drain easily, leaving behind free air space for oxygen. Finally, Compost Sure (Blue) offers a biologically active matrix. Supplied in a 8 Gallon bag
